

## ALYSSA DREW

4159 Captain Jack Lane, Colorado Springs Colorado 80924 | 703-473-7994 | alyssagdrew@gmail.com

### EDUCATION

Georgetown University <b>Master of Policy Management</b>	2006
Wright State University <b>Bachelor of Science in Psychology</b> <i>Summa Cum Laude</i>	1996
Defense Language Institute Foreign Language Center, Presidio of Monterey <b>Russian Basic Course</b> <i>Magna Cum Laude</i>	1990

### EXPERIENCES

National Geospatial-Intelligence Agency (NGA)  
**Chief, Pentagon NGA Support Team (NST)** August 2016 – May 2018

- Provided geospatial intelligence (GEOINT) support to the Pentagon to include GEOINT products and reports to the Secretary of Defense and other senior leaders
- Planned and provided GEOINT support to global military operations
- Ensured GEOINT training for J2 military and civilian intelligence analysts
- Provided organizational leadership to 43 NGA civilian personnel

Army GEOINT Battalion  
**Commander** July 2014 – July 2016

- Planned and provided GEOINT support to global military operations, including specialized and fused GEOINT products
- Oversaw the development of Army GEOINT tradecraft and capabilities
- Managed GEOINT Foundry training across all components of the U.S. Army, developing live environment training and enabling cross-component federation of GEOINT production
- Led the development of the Army's first GEOINT concept of operations to synchronize GEOINT tradecraft, training, and production - bridging the gap between the intelligence and engineer communities
- Provided leadership to over 200 Soldiers and Department of the Army Civilians

Army GEOINT Office  
**Deputy Chief** July 2013 – July 2014

- Developed and executed a concept of operations for tasking, collection, processing, exploitation and dissemination (TC-PED) of four GEOINT platforms
- Assisted in the development of the NGA Military Service Intern Program (MSIP)
- Represented Army GEOINT equities with interagency partners, collaborating across the National System of GEOINT (NSG) to maximize emerging GEOINT capabilities

Central Intelligence Agency (CIA)  
**Military Liaison Officer** August 2011 – July 2013

- Planned and facilitated CIA operational and analytical participation in DOD exercises
- Liaised between DOD and CIA
- Educated military members on the CIA and members of the CIA on the military

## Army Operations Group

December 2009 – August 2011

## Group S3

- Planned and supported full spectrum human intelligence (HUMINT) operations in support of global U.S. Army intelligence and operational requirements
- Prepared, deployed, and safely returned more than 100 military and civilian personnel worldwide to conduct full spectrum HUMINT operations
- Created program of instruction for U.S. Army HUMINT soldiers as the functional Foundry lead, enhancing and sustain the readiness of HUMINT soldiers across all components

## United States Army

**Multiple duty assignments as a Military Intelligence officer** to include Joint Task Force Deputy J2, Squadron S2, Department of the Army G2 Chief of Biometrics, Joint Staff J5 Politico-military officer (area of concentration Lebanon, Israel, Palestinian Authority, and Syria) , Company Commander, Brigade S1, Brigade Chief of Operations and Planning, NSA Military Support Officer, Brigade S2, Collection Manager, Political-Military analyst, and Company Executive Officer

April 1997 – December 2009

- Provided mission critical liaison with interagency partners in support of Operation Enduring Freedom, targeting terrorist networks in North Africa and the Levant
- Served as the primary intelligence officer for a squadron providing global multi-discipline intelligence collection
- Provided operational oversight for the development and fielding of Army biometric equipment, representing Army Intelligence within the interagency community
- Liaised with interagency partners on the development and coordination of strategy and policy pertaining to Israel, Lebanon, the Palestinian Authority and Syria
- Prepared the Chairman and other senior leaders of the Joint Staff for conferences and meetings with U.S. and foreign officials
- Developed and executed the concept of operations for the deployment of the largest tactical military intelligence force to Southwest Asia while simultaneously supporting operations in the Balkans
- Provided intelligence support to detainee operations throughout Iraq
- Led Soldiers simultaneously providing signals intelligence (SIGINT) and imagery intelligence (IMINT) to operations in Iraq and Europe
- Led the military operations integration team at the National Security Operations Center within the National Security Agency, providing near real time SIGINT to deployed Joint Task Forces and COCOM Commanders
- Formulated the Joint Analysis Center's (JAC's) multi-discipline intelligence collection strategy in support of Operation Northern Watch
- Provided fused intelligence products concerning the political situation in Iraq during Operation Northern Watch
- Served as Brigade Special Access Program (SAP) manager, Special Security Officer, Information Assurance Officer, Physical Security Officer, and Communications Security Officer
- Multiple combat deployments providing intelligence support in Iraq and Afghanistan. Awarded two Bronze Star Medals
