ASU's top priority is to secure increased funding of the formula to provide the university sufficient resources to grow enrollments and cover the cost of inflation. In addition, Higher Education Group Insurance has been funded at 97.5% while other state agencies have been fully funded. ASU would encourage full funding for insurance for University employees.

As the second largest campus in the Texas Tech University System, the University is developing joint programs with Texas Tech to further strengthen Angelo State's longstanding commitment to academic excellence through its teaching, research/scholarly activity and service roles. With more than 100 majors and concentrations, the University offers one associate, 45 undergraduate, 28 graduate degrees. The University inaugurated its first doctoral degree – a doctorate in physical therapy – in 2009. Angelo State University provides a broad academic experience for all undergraduates, offering typical opportunities in internships and in leadership training and atypical opportunities in undergraduate research and in sophisticated information technology applications. The current emphasis on enhancing the Honors Program, expanding the International Studies Program, enhancing a vibrant multicultural program and expanding a first-year experience is designed to both broaden the educational opportunities open to ASU students and to improve retention rates. The University offers strong graduate programs, particularly in education, the basic sciences and the health sciences.

Angelo State University performs background checks on all new faculty and staff as allowed by the Texas Education Code, Section 51.215 and the Texas Government Code, Section 411.094.

Angelo State University is a component of the Texas Tech University System. The president of Angelo State University reports to the chancellor who is the chief executive officer of the system. The chancellor and ASU president are responsible to the Texas Tech University System Board of Regents, which sets overall policy for the Texas Tech University System, Texas Tech University, TTUHSC and Angelo State University. The current members of the Board of Regents are as follows:

Larry Anders	Term Expires January 31, 2011	Dallas
Jerry Turner	Term Expires January 31, 2013	Blanco

**MAJOR AREAS OF CONCERN:**

**FY 2012-FY 2013 Proposed 10% Reduction**

In preparation for responding to the 10% general revenue-related base reduction exercise, the institution evaluated all general revenue funding and deemed every appropriated general revenue dollar critical to the missions of teaching, research and public service. Reductions were taken in support areas that were already understaffed but every effort was made to minimize the impact on the core mission of the institution. Angelo State University is in a growth period. ASU has developed programs that

provide access to underserved populations. Any funding reductions at this point will severely impact the University's ability to continue to grow. These proposed reductions would impact the core operations and delivery of services. Given the University is labor intensive, further budget reductions will mean the elimination of staff positions and possibly faculty positions.

**Formula Funding**

The ARRA funding provided higher education formula funding has resulted in dollars being used to support on-going operations with one-time dollars. Angelo State University, like most other institutions, implemented the FY 2010 - FY 2011 5% budget reduction with little impact to academic enrollment. Additional 5% or 10% reductions to the formula funding levels cannot be implemented without negatively impacting enrollment. To maintain the current enrollment levels, the ARRA funding should be replaced with general revenue and should provide sufficient funding to accommodate the actual growth of the current biennium.

**Exceptional Items**

	FY 12	FY 13
College of Nursing and Allied Health	\$2,323,550	\$2,323,550

The establishment of a new College of Nursing and Allied Health and Angelo State's recent affiliation with the Texas Tech University Health Sciences Center will broaden the University's opportunities to address health care needs, particularly in rural areas. As a result of the legislative appropriation of \$2 million for the College of Nursing and Allied Health, three primary objectives will be achieved. The first will support the Department of Nursing in increasing enrollment, retention, and graduation rates to help alleviate the nursing shortage in Texas especially in rural areas. This will be achieved by adding three undergraduate mobility tracks as well as a graduate family nurse practitioner program. These offerings have shown an enrollment increase from 305 students in 2008-09, to 413 in 2009-10, and are projected to have an enrollment of 500 students in 2010-11. The second objective will expand services at the San Jacinto Clinic to include mental/behavioral health. This expansion will allow some of the most vulnerable Texas children and adolescents to access holistic health care and will provide both graduate and undergraduate students the additional clinical training opportunities necessary to accommodate increased enrollment. The final objective will be to establish the Center for Community Wellness, Engagement, and Development (WED) with the mission "to promote the highest quality of life in communities served by ASU students, faculty and staff." Four faculty-led initiatives have been established that will provide culturally appropriate engagement and service-learning opportunities with clients across the life-span. While the original legislative funding made the development and implementation of the aforementioned initiatives a reality, this special item request must be funded in order to maintain and enhance these initiatives, establishing ASU as a model not only for outstanding nursing and allied health education, but also service to the community. The College of Nursing and Allied Health was an exceptional item request in the last legislative session. Given the shortage of nurses both statewide and nationwide, the Legislature partially funded the request with available stimulus dollars. The University was able to start the college, but only on a limited basis. Without continued funding, the University will not be able to sustain the college at its current level, further restricting access to eligible students.

	FY 12	FY 13
Recruitment and Retention	\$575,000	\$575,000

Angelo State University has embarked on an aggressive recruitment and retention plan.

**Access**

Angelo State University is growing and expanding access for students, many of whom are first generation students or come from underserved populations from

throughout the state. During these difficult economic times, growth and access may become limited due to the unavailability of resources. This request maintains Angelo State University's ability to provide education for all citizens of the State of Texas.

**Recruitment**

ASU is developing marketing tools that open doors for students who previously believed they could not go to college. The difficulty in reaching these populations is in choosing the right medium at the right time. The University has expanded its outreach and work with high school counselors. This is the first point of contact for potential college students. The University is restructuring and reorganizing the framework for campus visits. Often, getting the student and their parents to campus results in the most rewarding and informative way of making things possible. Finally, ASU suffers from low name recognition. The University is expanding its marketing efforts to populations in the major metropolitan areas for those students who do not feel comfortable in a large institutional environment or are not able to meet the stringent admissions standards.

**Retention**

To address state demographic trends and to improve retention, the Center for Academic Excellence houses a variety of programs to help at-risk students in and out of the classrooms. The Center provides programs that develop essential academic skills (Supplemental Instruction, First-Year Experience and Tutor Center); that advise and mentor students, especially those who are predeclared, provisional, first-generation and underrepresented (Predeclared Advising; Achieving Collegiate Excellence [ACE] Program; and Tutor, Educate, Advise, and Mentor [TEAM] Program); and that enable students to achieve their fullest academic potential (Honors Program). All undergraduate predeclared students, provisional students and select at-risk populations are advised through the Office of Predeclared Advising. Advisors in the Office of Predeclared Advising work proactively to lessen attrition in at-risk students through intrusive advisement, referral to appropriate support services and development of essential time management and study skills. Additionally, the Office of Predeclared Advising works collaboratively with the undergraduate advising centers to provide a seamless transition for predeclared students to the college that houses their major. For the first time, advisors will also be available within each of the colleges.

	FY 12	FY 13
Tuition Revenue Bond Debt Service	\$1,244,190	\$1,300,300

ASU is requesting partial funding for a capital project to build a facility for the College of Nursing and Allied Health. The total project is \$16,200,000 but ASU will contribute \$1,200,000 so the request is for \$15,000,000 to be funded with Tuition Revenue Bonds. This special item requests the debt service for those bonds.

	FY 12	FY 13
Small Business Development Center	\$13,427	\$13,427

A small funding increase is needed as the SBDC relocates to an off-campus location. This relocation is being done to combine services to create synergy within local economic development entities. The move to the new Business Resource Center will provide expanded internships for business students and create an opportunity for more interaction with actual businesses.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Operations Support strategy has been authorized by Senate Bill No. 1, the General Appropriations Act. It is intended to provide funding for faculty salaries, departmental operating expenses, library, instructional administration, research enhancement, student services, and institutional support. The strategy is not associated with any court order and/or federal mandate. It addresses the University's fiscal need that has resulted from inadequate formula funding. No new initiatives are associated with this strategy. It will enable the institution to provide a wide range of high quality academic programs in support of student success.

STRATEGY DESCRIPTION AND JUSTIFICATION:

Funding tied to the strategy for Staff Group Insurance Premium supports the Uniform Group Insurance Program for the University. The funding amount for each fiscal year represents only Angelo State University's proportional funding obligation for both active and retired employees. The remainder is appropriated to the Employees Retirement System. This is based on current employer contribution rates and will need to be modified in accordance with any changes to these rates.

------	-------------	----------	----------	----------	---------	---------

The funding for Staff Group Insurance Premiums for institutions of higher education is capped at an amount established in the Appropriations Bill. Two factors contribute to the possibility of a shortfall in Staff Group Insurance appropriations:

1. The Legislative Budget Board requires that the appropriations for Staff Group Insurance must be based on actual enrollment as of December 1 of the fiscal year that the Legislature is in session. This process does not take into consideration any enrollment growth that may occur during the biennium or any growth in the next biennium due to additional appropriations or other factors.
2. The premiums for retirees must also be paid from the appropriations to each institution including the institution's proportional share. The number of retirees may increase significantly before the end of the biennium or during the next biennium.
3. Effective 9/1/2006, as provided by SB 1863, 79th Regular Legislative Session, employees who waive or who have previously waived health insurance may elect to receive an Opt Out Credit to be applied to Dental or AD&D insurance coverage. Institutions of higher education are charged the full \$30 for part-time employees/retirees or \$60 for full-time employees/retirees regardless of the amount of the credit used by the employee for Dental or AD&D coverage.
4. Any employee who has currently or previously waived health insurance may elect to receive the Opt Out Credit, this represents an additional cost since there was no prior appropriation for these individual's health insurance.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Organized Activities "Ranch Operation" strategy has been authorized by Senate Bill No. 1, the General Appropriations Act. It will conduct a ranch program of similar nature to that of private ownership operations in the Edwards Plateau area, thereby providing a realistic environment for instruction of agricultural students and management demonstration projects which will be of benefit to the agricultural industry of the area. The strategy is not associated with any court order and/or federal mandate. It addresses the University's fiscal need to conduct a progressive operation that serves as a model for study and provides for continued improvement. No new initiatives are associated with this strategy. It will enable the institution to provide a high quality academic program in support of student success.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Infrastructure Support Formula: Funding associated with plant-related formulas and utilities will be distributed by the infrastructure support formula, which is driven by the predicted square foot for universities' educational and general activities produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater. The Coordinating Board recommends the average rate per square foot is \$8.36 for the 2010-2011 biennium.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Many factors, both external & internal, affect the cost of E&G support. Utility rate changes, extreme weather conditions, & increases to facility sq footage often have a dramatic effect.

Utility funding is primarily for purchasing natural gas, electricity, and water; manufacturing chilled water, steam, treated water, and compressed air; and utility distribution systems repair including maintenance of utility tunnels. Sq footage demands and fuel increases greatly affect the costs of bldg maintenance and custodial services. Campus improvements affect the cost of Grounds Maintenance. E&G Space Support includes Bldg Maintenance, Grounds Maintenance, Utilities, and Custodial Svcs. Bldg Maintenance includes carpentry, painting, locksmith, heating ventilation air conditioning, plumbing, electrical, and insulation. Grounds includes street, bumper and sign maintenance, irrigation, tree and shrub pruning, and mowing.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This funding is intended to provide school nursing and primary care services to medically under-served children. The strategy is not associated with any court order and/or federal mandate. It addresses the University's mission to partner with local public education and health agencies. No new initiatives are associated with this strategy. The school-based clinic also provides community and pediatric experience for nursing students in the University's nursing degree programs (AASN, BSN, MSN).

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Need for additional pediatric clinical sites.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The primary purpose is to advance student retention by providing an enriched educational experience that leads to the successful completion of an academic program. The strategy is not associated with any court order and/or federal mandate. It addresses the University's efforts to address the State's "Closing the Gaps" Plan. As funds permit, initiatives include an expansion of the advising, supplemental instruction, developmental education, and Honors programs. As the CAE continues to impact student retention and success, funding must be maintained in support of staffing, equipment, supplies, furniture, and operational needs.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The Center for Academic Excellence serves to advance the goals of Texas "Closing the Gaps" plan, especially in the areas of participation, success, and excellence. New students have been attracted to ASU through the Mother/Daughter program, a function of Educational Opportunity Services; through the newly developed Honors program; and through the recently expanded International Education program. The CAE's many service programs, including Supplemental Instruction, Educational Opportunity Services, and the Office of Academic Advising, provide significant student support and a cohesive academic environment for student success. In addition, the CAE has been identified as the program of excellence that the institution intends to bring to a level of national prominence. The Center for Academic Excellence serves to advance the mission of the University as well. By giving equal consideration to all qualified applicants, the institution provides access and opportunity to first-generation students, students in under-represented populations, and at-risk students. Extensive support services are needed to address the needs of its overall student population, consequently component operations within the CAE have specific responsibilities to the University's at-risk students. By providing academic opportunities and unique services, the CAE seeks to advance student retention and success.

The 81st Legislature funded this request with American Recovery and Reinvestment Act stimulus funds. The primary purpose of these funds is to address the State's "Closing the Gaps" initiatives in the College of Nursing and Allied Health. As funds permit, initiatives include continuing operations and programs of the College of Nursing and Allied Health; expanding the capacity and services of community-based health initiatives; and expanding engagement opportunities for students that will benefit rural community residents, particularly vulnerable underserved populations including the elderly, children and adolescents.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

These funds have allowed Angelo State University to establish the College of Nursing and Allied Health. The expansion of the Nursing and Allied Health programs has resulted in increased enrollments in Fall 2009 and Spring 2010. The implementation of this initiative directly addresses the "Closing the Gaps" goals of participation and success by increasing enrollment of diversified populations and the graduation of highly trained nursing and allied health professionals ready and able to enter the high demand healthcare professions.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Small Business Development Center (SBDC) strategy has been authorized by Senate Bill No. 1, the General Appropriations Act. It will enable the University to provide high quality counseling, education, and training to small businesses in the ten county service area as mandated by our cooperative agreement with the South-West Texas Border Region SBDC and the Small Business Administration (SBA). This strategy is not associated with any court order and/or federal mandate. The SBDC, as directed by SBA, serves the small business community, with a particular emphasis on minorities, women, rural, veteran, handicapped and disabled small business owners. The SBDC provides ASU with a tremendous outreach effort to the small business community of the Concho Valley area.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The impact of economic conditions in West Texas on small businesses. Distance between SBDC location and the small business clients in ten-county area of responsibility. The number of small businesses seeking SBDC counseling and educational support is increasing. Faculty and administrators are available and provide support through the SBDC. SBDC is well publicized in rural West Texas. The population decline in West Texas requires intervention by qualified personnel to assist small businesses in operating in this area.

The Management, Instruction, and Research (MIR) Center utilizes 6,000 acres of farm and range land leased to the University for 25 years by the U.S. Corps of Engineers, Department of Army. Recently, a 2,880 sq. ft. greenhouse was added to raise ornamental and cultivate plant varieties, along with adjacent forage test plots to enhance teaching and research activities. A 8,000 sq ft. Food Safety and Product Development Laboratory was completed in the fall of 2005 to house equipment to support teaching and research for undergraduate and graduate education in the areas of meat/food quality, E. coli and other food safety contamination issues, new food product development, meat animal anatomy, and live animal/carcaass evaluation. This facility provides national recognition to Angelo State University for teaching, research, and a collegiate judging program. The expense of operating this facility and the cost of program expansion have increased significantly since this special item was originally funded. Additional funding is required to continue the existing programs and to add new ones.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

External factors impacting the operation of the center include but are not limited to legislative mandates, weather, cost of equipment, supplies and governmental regulations. Internal factors are the abilities to offer graduate students opportunities for research in the agricultural environment of West Texas.

This item supports, expands, and strengthens academic programs, library resources, computer and information technology resources, and support services and work scholarship opportunities for first-generation and under-represented students. This strategy is crucial to the continuing operation of the institution and is considered as a vital source of funds for the operating budget. The strategy is not associated with any court and/or federal mandate. It addresses the University's fiscal need that has resulted from inadequate formula funding. No new initiatives are associated with this strategy. It will enable the institution to provide a wide range of high quality academic programs and resources in support of student services.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Changing public expectations for the institution's programs, services and accountability standards requires that substantial resources be provided for meeting dynamic and costly information technology requirements, for developing and offering quality academic programs, and for development and delivery of effective student services to improve student retention and graduation rates.

**DESCRIPTION / JUSTIFICATION:**

Angelo State University is seeking funding for the following in support of "Closing the Gaps" initiatives:

- 1) Continue operations of the College of Nursing and Allied Health and expand current allied health and nursing programs;
- 2) Expand capacity and services of community-based initiatives including the San Jacinto School-Based Clinic and Family Wellness Center to include behavioral health and the establishment of a Physical Therapy clinic to serve uninsured and underinsured individuals;
- 3) Expand engagement opportunities for students that will benefit rural community residents, particularly vulnerable underserved populations including the elderly, children and adolescents;
- 4) Provide administrative, clinical, and clerical staff and faculty to accomplish the aforementioned.

**EXTERNAL/INTERNAL FACTORS:**

This exceptional item request was funded in FY 2010 and FY 2011 for \$2 million with American Recovery and Reinvestment Act stimulus funds. These funds allowed Angelo State University to establish the new College of Nursing and Allied Health. The expansion of the Nursing and Allied Health programs has resulted in increased enrollments in Fall 2009 and Spring 2010. The implementation of this initiative directly addresses the "Closing the Gaps" goals of participation and success by increasing enrollment of diverse populations and the graduation of highly trained nursing and allied health professionals ready and able to enter high demand healthcare professions. Failure to fund this request will substantially impact the institution's ability to address the serious nursing and health professional shortage through the region and the State of Texas.

**DESCRIPTION / JUSTIFICATION:**

Angelo State University requests this exceptional item funding to support the following recruitment and retention initiatives in order to meet the demands of a growing student body and to address "Closing the Gaps" targets for enrolling and graduating students:

- 1) Establish a permanent location for the new Tutoring Center, hire and train additional tutors and graduate assistants, and offer specialized study skills workshops;
- 2) Establish and grow First-Year and Second-Year Experience program initiatives to further engage and retain students.
- 3) Expand Career Development services to include working with students from pre-enrollment to post-graduation

**EXTERNAL/INTERNAL FACTORS:**

In order to continue the progress already made, Angelo State University will provide expanded retention initiatives that, if funded, will contribute positively to helping the students who enroll to continue to graduate, thus meeting "Closing the Gaps" goals in educating the citizens of Texas.

**DESCRIPTION / JUSTIFICATION:**

Tuition Revenue Bond projects in the amount of \$15,000,000 are being requested. This exceptional item requests funding for the debt service for these bonds.

Requested debt service has been estimated assuming 20-year level debt service at 6%. These assumptions have traditionally been used by all institutions of higher education in the legislative appropriations process and are consistent with the assumptions used by the LBB and the Texas Bond Review Board in their Debt Affordability Study and in the calculation of the State's debt limit.

This assumption is only used in estimating the initial debt service. Following the initial appropriation, the actual debt service schedule from the actual TRB issuance are used to request the annual TRB debt service.

**DESCRIPTION / JUSTIFICATION:**

Additional funding is needed for rent as SBDC relocates into off-campus space for its offices in beginning of FY 2012. The ASU SBDC is a community outreach and community involvement program that serves the 10 county region of the Concho Valley with small business advising and training services. It also assists and supports general economic development in the area it serves, especially in the rural areas of the Concho Valley. The program requires existing and potential small business clients, as well as business, civic and governmental leaders to come to campus offices to visit with SBDC professional staff. Because of the lack of adequate parking for these visitors on campus, parking is a challenge for these visitors. The SBDC has made an effort over the past few years to find space for SBDC offices off campus and have led the effort to locate with other economic development partners into a Business Resource Center, which is anticipated to open Sept 2011. In addition to the professional staff, the SBDC employs up to four ASU students giving them needed experience with actual businesses. This includes two graduate students. Numerous ASU students attend SBDC business training, and some are clients. The move into the Business Resource Center will provide a better space for business students to have more interaction with actual businesses. The SBDC will facilitate this process with faculty advisors.

The Lead Center at UTSA has submitted the required Chrisman reports for the CPA to complete the analysis and to advise the Legislature regarding the appropriations for the SBDC.

**EXTERNAL/INTERNAL FACTORS:**

Not receiving this additional funding will cause a reduction of professional staff, as funding for new rental space off campus will have to be taken from salaries, resulting in an elimination of a FTE position. This position would be a SBDC business advisor. This would affect the ability of the SBDC to deliver the business and economic development community outreach and community involvement services to the 10 county community of the Concho Valley.

**B. Assessment of Fiscal Year 2008 - 2009 Efforts to Meet HUB Procurement Goals**

**Attainment:**

The institution attained or exceeded 1 of 6 applicable statewide HUB procurement goals in both FY 2008 and 2009.

**Applicability:**

N/A

**Factors Affecting Attainment:**

The HUB goals were not met due to the limited availability of HUBs in our close proximity. Currently we have 93 vendors from Tom Green County registered on the Centralized Master Bidders List, and 54 are HUBs. When bidding opportunities are presented to HUBs they do not always represent the best value to the institution.

**"Good-Faith" Efforts:**

The institution made the following good faith efforts to comply with statewide HUB procurement goals per 1 TAC Sec.111.13: 1) ensured that contract specifications, terms, and conditions reflected the agency's actual requirements, were clearly stated, and did not impose unreasonable or unnecessary contract requirements, 2) provided potential bidders with a list of HUBs for subcontracting, 3) required three (3) bids with two (2) being from HUBs for orders over \$5000, 4) matched up HUB vendors with potential end-users, 5) attended forums as a speaker set up by the Small Business Development Center on how to do business with ASU, 6) attended HUB forums and HUB vendor fairs to make additional contact with HUB sources, and 7) had a HUB EXPO in conjunction with the Texas Comptroller of Public Accounts.

<b>I Program and Service Reduction</b>							
Category: Programs - Service Reductions (Other)							
<b>Item Comment:</b> The agency will reduce services at the School Based Clinic which will impact available medical services for under-served children. This will also decrease community and pediatric experience for nursing students in the University's nursing degree programs.							
The agency will reduce services provided by the Center for Academic Excellence. This will include developmental education, supplemental instruction and Honors Programs. This reduction in service could impact the "Closing the Gaps" Plan.							
In addition, reduction of funds for Instructional Enhancement will decrease the number of faculty at the University. This would impact our ability to effectively graduate students on time and would negatively impact the "Closing the Gaps" Plan.

**Special Item: 1 College of Nursing and Allied Health**

**(1) Year Special Item:** 2010

**(2) Mission of Special Item:**

To provide expanded programs to address the nursing and health professionals in the State of Texas.

**(3) (a) Major Accomplishments to Date:**

College of Nursing and Allied Health established. Center for Community Wellness, Education, and Development (WED) established.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Increase enrollment in Nursing and Physical Therapy by 20%. Increase the number of students participating in service learning activities at Community WED by 20%

**(4) Funding Source Prior to Receiving Special Item Funding:**

None

**(5) Non-general Revenue Sources of Funding:**

\$150,000 grant from the San Angelo Health Foundation to help with FY 2009 start up costs.

**(6) Consequences of Not Funding:**

Failure to fund this request will substantially impact the institution's ability to address the serious nursing and health professional shortage through the region and the State of Texas.

Special Item: 2    Recruitment and Retention

(1) Year Special Item: 2012

(2) Mission of Special Item:

To provide expanded recruitment and retention initiatives in order to meet the demands of a growing student body and to address "Closing the Gaps" targets for enrolling and graduating Texas students.

(3) (a) Major Accomplishments to Date:

New special item.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

- 1) Establish a permanent location for the new Tutoring Center, hire and train additional tutors and graduate assistants, and offer specialized study skills workshops;
- 2) Establish and grow First-Year and Second-Year Experience program initiatives to further engage and retain students;
- 3) Expand Career Development services to include working with students from pre-enrollment to post-graduation.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

N/A

(6) Consequences of Not Funding:

Failure to fund this request will significantly impact the institution's ability to provide expanded recruitment and retention initiatives. "Closing the Gaps" goals would be more difficult to attain without offering the expanded tutoring, first-year and second-year experience programs and career development services.

**Special Item: 4      Institutional Enhancement**

**(1) Year Special Item:**      1999

**(2) Mission of Special Item:**

Provides educational and general operating costs which further the participation and success of the students at Angelo State University. This special item supports the University's strategic initiatives and is crucial to the daily operations of the University.

**(3) (a) Major Accomplishments to Date:**

This special item funding allows Angelo State University to provide a wide range of high quality academic programs and resources in support of student services. Angelo State University has implemented a recruiting strategy that has expanded the University's recruitment efforts to 208 of the 254 counties in Texas. This funding allows Angelo State University to provide affordable, quality education to students.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

ASU is projecting growth over the next two years based on our ability to attract new students and provide housing for them.

**(4) Funding Source Prior to Receiving Special Item Funding:**

Multiple special items

**(5) Non-general Revenue Sources of Funding:**

N/A

**(6) Consequences of Not Funding:**

A major decline in enrollment resulting in faculty and staff reductions and closing of facilities. Failure to not fund this special item would make "Closing the Gaps" initiatives impossible to achieve for ASU.

Special Item: 5 Management, Instruction and Research Center

(1) Year Special Item: 1969

(2) Mission of Special Item:

To serve as a resource center for 22 million acre Edwards Plateau region of West Texas through the implementation of management, instruction, and applied research.

(3) (a) Major Accomplishments to Date:

This center serves as the Agriculture department's research center and the numerous accomplishments are as follows: Developed an outstanding facility for conducting applied research with cattle, goats, sheep, range and wildlife. The MIR Center has become an outstanding laboratory for teaching graduate and undergraduate students. Developed outstanding herds of livestock which are in demand as breeding stock by area ranchers for genetic improvement of their own herds. Conducted research that established vitamin A requirements for growing lambs which has become the standard requirements recommended by the National Research Council (NRC). Conducted research which established levels of feed intake inhibitors which would limit feed intake for protein supplement by ewes fed free choice. This research led to the development of sheep protein supplements which can be fed free choice which saves ranchers time and money. Conducted research that established wool growth patterns in sheep proving that the increase in diameter of wool fibers seen when sheep are fed high concentrate rations occurs rapidly within three weeks after sheep are put on feed rather than gradually over time. Evaluated diet selection, livestock performance, and vegetation response to the Merrill Four-Pasture/Three-Heard System, Higher Intensity Low Frequency System, and Short Duration Grazing System. Research on Short Duration Grazing was the first research on Allan Savory's grazing system in the U.S.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The effect of diet solution on grazing animal performance and the effects of alternate sources of protein for range and feedlot supplementation will be studied to determine their effects on the production of meat and fiber. A goal of increasing production by 10-20% is projected. Grazing behavior is being studied to determine differences in grazing behavior between high performing animals and low performing animals. Methods to alter the behavior towards that of high producing animals will be studied in an attempt to increase grazing efficiency by 4-15%. The efficiency of goat meat production by new breeds of goats and their crosses will be studied. It will be desired to increase field day and seminar attendance by 10-15% during the next five years. Research is currently underway to develop cost effective methods of controlling mesquite brush using products currently available to the rancher. Preliminary results indicate that new methods using old products may cut the cost to one-half or less of the cost of chemical control of mesquite using conventional methods of applications. Methods are being studied to thin stands of mesquite brush in order to increase growth rate of the remaining trees making them capable of producing more cords of firewood in a shorter period of time. This could enable a rancher to earn enough from the sale of mesquite wood to pay for the chemical needed to prevent the spread of mesquite brush to unwanted areas.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

Meat Lab and Ranch Income:  
FY 2007-\$53,637  
FY 2008-\$63,426  
FY 2009-\$79,947  
FY 2010-\$80,000 projected

Special Item: 6      Center for Academic Excellence

(1) Year Special Item: 2002

(2) Mission of Special Item:

Advance student retention by providing an enriched educational experience that leads to the successful completion of an academic program.

(3) (a) Major Accomplishments to Date:

The Center for Academic Excellence serves to advance the goals of Texas "Closing the Gaps" plan, especially in the areas of participation, success, and excellence. New students have been attracted to Angelo State University through the Mother/Daughter program, through the Honors program, and through the recently expanded International Education program. The CAE's many service programs, including Supplemental Instruction, Educational Opportunity Services, and the Office of Academic Advising, provide significant student support and a cohesive academic environment for student success.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Increase service availability to a wider scope of students by 15%.  
Improve retention by 10%.  
Increase collaborative programs with other State institutions.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

**Special Item: 7 Small Business Development Center**

**(1) Year Special Item:** 1994

**(2) Mission of Special Item:**

Small business and community economic development through extension services covering a ten county service area, as a member institution of the South-West Texas Border SBDC Region administered by UTSA in cooperation with U.S. Small Business Administration. To promote the growth, expansion, innovation, increased productivity, and improved management for small business, through activities of individual business counseling and technical assistance, group training seminars and workshops, advocacy, research information. The mission also involves students and faculty through structured service-learning and applied research activities to leverage academic learning and discovery without public service mission.

**(3) (a) Major Accomplishments to Date:**

Our SBDC is a member of the South-West Texas Border SBDC Region, and we collectively serve over 25,500 small business clients annually through a network of 10 SBDC field centers established at UTSA, Sul Ross State University (Alpine), SRSU Rio Grande College (Eagle Pass), Texas A&M International University (Laredo), UT-Pan American, Del Mar College (Corpus Christi), UII-Victoria, Texas State University (Austin), Angelo State University (San Angelo) and El Paso Community College. Specialty SBDC's promote international trade, transition, colonial development, defense transition, human capital, corporate and public contract bid-matching, and technology commercialization business development.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

1160 clients counseled  
184 business related seminars to be delivered  
510 new jobs to be created  
216 jobs retained  
\$14 million in Capital Infusion (business loans and equity)  
2000 training seminar/workshop attendees  
300 multi year long term clients  
110 new businesses created  
66 business expansions

FY 2008-\$9,641

FY 2009-\$11,672

FY 2010-\$11,000 projected

**(6) Consequences of Not Funding:**

There would be a loss of federal funds available to support business development extension services in the 79-county South-West Texas Border Region. Reduced client services, staff position terminations and student learning activities would be affected commensurately with funding reductions or loss. This would affect all 10 partner-institutions of the Regional SBDC network.

Special Item: 8    School Based Clinics

(1) Year Special Item: 1998

(2) Mission of Special Item:

Provide clinical experience for nursing students in schools with minority and underserved populations and provide basic health care services.

(3) (a) Major Accomplishments to Date:

School children who might have otherwise not had access to medical care have been provided basic health care services. Nursing students at all levels receive outstanding clinical training, enabling increased enrollment in the University's Nursing program and more nurses entering the workforce.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Maintain and expand services to include mental and developmental health to children (ages 0-18) within Tom Green County.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

Patient Fee & Interest Income:

FY 2008-\$64,828

FY 2009-\$80,262

FY 2010-\$189,720 projected

(6) Consequences of Not Funding:

Failure to fund will result in many children not having the medical attention they require and nursing students not having the clinical site which is critical to the completion of their degree program. Loss of this clinical site would also force reductions of enrollment in current programs and limit enrollment in new programs.

Special Item: 9 Center for Fine Arts

(1) Year Special Item: 1997

(2) Mission of Special Item:

To provide students access to a state of the art ceramics laboratory. Assist art majors in completing their degree by providing these necessary ceramics courses.

(3) (a) Major Accomplishments to Date:

Features biennial faculty exhibit.

Provide programs for children through "Kids College" each year

Through a special Ceramics Seminar, host students from Texas, Louisiana, Oklahoma and New Mexico

Host an annual Chamber Music Series

Approximately 2,000 students visit the museum each year

Provides 3 internships to ASU students

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Continue to increase attendance and participation of ASU students and faculty in offering and receiving programs at the museum.

Reduce operating costs where possible and continue utilization of specialized studio space.

(4) Funding Source Prior to Receiving Special Item Funding:

None

(5) Non-general Revenue Sources of Funding:

None

(6) Consequences of Not Funding:

The increasing operating costs of the facility would limit students access to the ceramics laboratory and have a negative impact on completion of their degree programs.
