Kickball Rules

The Game

1. The current Amateur Softball Association Rules will govern play except where modified herein.
2. Captains or managers must meet with the umpire before the game to cover ground rules and determine home team.
3. Games will be played under a "Drop Dead Time Limit" of 50 minutes or 7 innings. Tie games at the end of regulation will go into extra innings until a winner is declared.
4. If a team has a 20 run advantage after three innings, 15 run advantage after four innings, or 10 run advantage after five innings, the game will end.
5. Three completed innings will be considered a completed game if it is interrupted by rain or any other cause. If the game is stopped before three completed innings, the game will be replayed.
6. Each kicker will have three pitches in which to kick a fair ball. If the third kick is foul, the kicker will be ruled out.
7. **If the kicker intentionally bunts and the fielder touches the ball before it crosses the arc, it will be ruled a foul ball.**

Players

1. The game shall be played between two teams of no more than 8 players each. Eight players will play in the field with an option of an "Extra Kicker." The EK may be placed anywhere in the line-up; however, he/she will not play the field. The umpire must be notified of the use of the EK before the game begins. Once the team starts with an EK, the game must be completed with an EK.
2. A team must have six players present and ready to play by scheduled game time and must continue to have six players during the game or a forfeit shall be declared. Teams with less than eight players (nine when an EK is used) will be charged with an out when the missing players reach their kicking

position in the line-up. Players arriving late may be added to the line-up at anytime.

3. The kicking team is responsible for providing the pitcher when their team is at kick.
4. The captain or team manager is the only person who may speak for the team in all dealings with the umpire.

Equipment

1. All players must wear shoes. Spikes that cut or may be chipped to develop a cutting edge are prohibited.
2. All teams must use the kickball provided by the UREC Department.

Pitching Regulations

1. Each team will provide their own pitcher when they are at kick.
2. The pitcher will be allowed up to three warm-up pitches between innings.
3. The pitcher shall not intentionally interfere with a kicked ball. If the umpire deems the interference to be an intentional act, the kicker is out and all base runners must return to the base in which they occupied prior to the pitch.

Fielding Regulations

1. Eight players will be allowed to play defensively in the field, one of which must be at the catcher position.
2. Fielders may put the runners out if they successfully throw and hit the runner **in flight** below the shoulders while they are advancing from base to base.
3. If a runner is hit directly in the head with a throw from a fielder while trying to advance to the next base, the ball becomes dead and all base runners will awarded two bases from the time of the throw.

Co-Rec. Regulations

1. The game shall be played between two teams of no more than 10 players each placed in alternating positions on the official score sheet. Eight players will play in the field with an option of "Extra Kickers" (two EKs must be used in co-rec. to maintain an alternating batting order). The EKs may be placed anywhere in the line-up; however, they will not play the field. The umpire

must be notified of the use of the EKs before the game begins. Once the team starts with the EKs, the game must be completed with the EKs.

2. A team must have six players present and ready to play by scheduled game time and must continue to have six players during the game or a forfeit shall be declared. Teams with less than eight players (10 when EKs are used) will be charged with an out when the missing players reach their batting position in the line-up. Players arriving late may be added to the line-up at anytime.
3. Males and females may play any position while in the field.
