

Prevent Stormwater Pollution

Every time it rains,
STORMWATER
runoff deposits debris
like litter, pesticides,
chemicals, motor oil
and dirt directly into
our **WATERWAYS.**

The best way to
prevent stormwater
pollution is to
AVOID POLLUTING
in the first place.

angelo.edu/ehsrn

What Should You Do?

- **NEVER** dump anything in a street, storm drain or drainage ditch.
- **SCOOP UP** after your pet, bag it and throw it in the trash.
- **COMPOST** or bag grass clippings and leaves.
- **REPORT** illicit/illegal discharges into storm drains to EHSRM office.
- **CHECK** for and repair vehicle leaks.
- **REDUCE, REUSE** and **RECYCLE** household cleaning/maintenance chemicals.
- **RECYCLE** motor oil and other vehicle fluids.
- **RECYCLE** household waste when possible, and **DON'T LITTER**.
- **WASH** vehicles at a car wash or in a grassy area, not your drive way.
- **SPREAD THE WORD AND GET INVOLVED.**
