

Environmental Health, Safety, & Risk Management Website Guide

EHSRM Value + Impact

Occupational Safety

- Hazardous Communications
- Bloodborne Pathogens -UPD
- Respiratory Protection -FM Painters

Laboratory & Chemical Safety

- Chemical Hygiene Plan
- University-wide chemical inventory and tracking system - Quartz
- Laboratory and chemical storage inspections
- Disposal of chemicals and other hazardous waste
- Safety education and awareness -Biosafety and lab safety courses in Blackboard

Fire & Life Safety Program

- Fire Prevention
- In-person RA training
- Blackboard training for residents
- Inspections and reporting
 - AEDs, Fire Extinguishers, call boxes, gas cylinders, eye washes, first aid kits
- State Fire Marshal - FM & FP&C
- Extinguisher training and emergency drills
- Emergency planning and preparedness
- Fire alarm report investigations
- Unsafe Conditions Report
 - **Online reporting location

Mishaps

- Severe injuries – Dial 911
- Auto accidents involving university vehicles
- Employee or student accident/ incident reports and notifications
- Claims with Human Resources, Business Services, or TTUS

Training

- Fire & life safety
- Occupational safety
- Emergency management
- Contractor construction safety briefing with FP&C
- Forklift training with FM

Driver Approval Requests

- Request Form
- Van and Golf Cart Safety
- Forklift training with FM
- Annual golf cart permits

Insurance Coverage Requirements & Risk Management

- Building, vehicle, crime, Directors & Officers, fine arts
- FM Global visits & claims
- Minimum insurance coverage requirements for contractors
- International travel insurance
- On-campus event reviews
- Off-campus event reviews
- Participant waiver forms
- Worker's Compensation
- Enterprise Risk Management

Environmental Health - Waste Management

- Electronic waste disposal
- Bulb Disposal
- Universal waste disposal
- Annual transfer of hazardous waste to a bulk waste and recycling facility
- Oversight of hazardous waste disposal and generation
- Creation of reports required by local, state, and federal entities

Stormwater Management

- Stormwater management program and document
- MS4 permit and annual report to TCEQ
- Stormwater pollution prevention training -FM & FP&C
- Construction site inspections, post-construction control structures, and sewer drains
- Stormwater violations reporting

**Online reporting location

Campus & Community Recycling

- Recycling on campus
- Bin and dumpster locations
- Technology recyclables
- Toner recycling
- Community recycling locations
- Waste pickup request
 - **Online reporting location
- Full recycling bin reporting
 - **Online reporting location

Emergency Management

- Continuity of operations plan (COOP)
- Building Emergency Response Team
- Emergency communications
- NWS Storm Ready University
- Emergency Operation Guide
- Emergency Response Guide
- Exercises & drills
- Storm shelter locations
- Active shooter and hazardous waste spill tabletop exercises
