About Your Major Field Report, Part I

NSSE data serve to identify institutional strengths and weaknesses in reference to selected comparison institutions, yet institution-level comparisons may not capture important variation in student engagement that can be found within key sub-populations such as major. NSSE urges institutions to "look within," calling attention to the need to examine variation in the student experience at your institution. This report provides an overview of your students' responses by groups of related majors.

NSSE results included in MFR, Part I

- Engagement Indicators
- High-Impact Practices
- Frequency Distributions
- Item Summary Statistics
- Respondent Profile

Related-Major Groups

Self-reported first and second (if applicable) majors were identified from the survey. Your institution had the option to customize how these majors were grouped, using up to ten related-major groups. Institutions choosing not to customize their major categories receive NSSE's ten default groups. The groups used in this report are shown on page 3. Because second majors were included, some respondents could be represented in more than one related-major category.

Sample

This report is based on information from all randomly selected or census-administered students for your institution. Targeted and locally administered oversamples and other non-randomly selected students are not included. Report Sample (if applicable) respondents are also excluded.

Class

Results are presented separately by institution-reported class level. Keep in mind that majors are student-reported. First-year students may report *intended* majors that have not yet been *declared*. Also, much of the first-year experience may take place outside of the major field. For these reasons, first-year results should be interpreted with caution.

Technical Requirements

Related-major groups with fewer than 5 respondents in a given class are not reported (columns are blank). Groups containing at least 5 respondents, but fewer than 20, are reported in frequency distributions only. Although 20 is a minimum requirement for all other statistics (Engagement Indicators, means, etc.), keep in mind that any statistical result requires a sufficient number of respondents per group to produce a reliable estimate. Due to the disaggregation of results by student-reported major, *Major Field Report* results are unweighted.

Report Sections (Those marked with an asterisk are included if at least one related-major group includes 20 or more respondents.)

Composition of Related-Major Groups	How your NSSE 2017 <i>Major Field Report</i> categories were selected and which majors were included in each group.
Engagement Indicators*	Results on NSSE's ten Engagement Indicators (EIs) organized into four themes. See your <i>Engagement Indicators</i> report for more details.
High-Impact Practices*	Results on student participation in six High-Impact Practices (HIPs). See your <i>High-Impact Practices</i> report for more details.
Frequency Distributions	Response frequencies by related-major group for all survey items except demographics.
Item Summary Statistics*	Number of respondents, mean and standard deviation by related-major group for all survey items except demographics.
Respondent Profile	Response frequencies for all demographic questions for your institution by related-major group.

NSSE 2017 Major Field Report, Part I

Composition of Related-Major Groups

Angelo State University

This page documents how your NSSE 2017 *Major Field Report* groups were selected and which majors were included in each related-major group. Students' self-reported first and second (if applicable) majors were assigned to a standard list of 139 majors. Institutions had the option to customize how these were grouped, using up to 10 related-major groups. Default choices reflected customization from a previous administration or absent previous customization, NSSE's standard grouping.

Date Confirmed: 8/31/2017

Selection Method: CUSTOM GROUPS—Institution-selected

Arts & Humanities (First-year N=58, Senior N=52)

Architecture; Art history; Arts, fine and applied; Broadcast communications; Communications (general); Criminal justice; English (language and literature); Forensics; French (language and literature); History; Humanities (general); Liberal arts and sciences; Mass communications and media studies; Music; Other communications; Other fine and performing arts; Other humanities; Other language and literature; Philosophy; Political science; Public relations and advertising; Public safety and emergency management; Religion; Spanish (language and literature); Theater or drama

Bio, Agric, & Nat Res (First-year N=30, Senior N=26*)

Agriculture; Biochemistry or biophysics; Biology (general); Biomedical science; Botany; Cell and molecular biology; Environmental science/studies; Marine science; Microbiology or bacteriology; Natural resources and conservation; Natural science; Neuroscience; Other agriculture and natural resources; Other biological sciences; Physiology and developmental biology; Zoology

Engin, Sci, Math, CS (First-year N=35, Senior N=27*)

Astronomy; Atmospheric science (including meteorology); Chemistry; Civil engineering; Computer science; Earth science (including geology); Mathematics; Mechanical engineering; Other engineering; Other physical sciences; Physical sciences (general); Physics; Statistics

Psy, Soc, Social Wor (First-year N=22*, Senior N=27*)

Anthropology; Ethnic studies; Gender studies; Geography; International relations; Other social sciences; Psychology; Social sciences (general); Social work; Sociology

Business (First-year N=42, Senior N=41)

Accounting; Business administration; Economics; Entrepreneurial studies; Finance; Hospitality and tourism; International business; Management; Management information systems; Marketing; Organizational leadership or behavior; Other business; Supply chain and operations management

Comm, Media, PR (First-year N=0*, Senior N=0*)

Journalism; Speech; Telecommunications

Education (First-year N=42, Senior N=38)

Business education; Early childhood education; Education (general); Elementary, middle school education; Mathematics education; Multi, Interdisciplinary studies; Music or art education; Other education; Physical education; Secondary education; Social studies education; Special education

Engineering (First-year N=1*, Senior N=0*)

Aero-, astronautical engineering; Bioengineering; Biomedical engineering; Chemical engineering; Computer engineering and technology; Electrical or electronic engineering; Engineering (general); Industrial engineering; Materials engineering; Petroleum engineering; Software engineering

Health Professions (First-year N=78, Senior N=45)

Allied health; Dentistry; Health science; Health technology (medical, dental, laboratory); Healthcare administration and policy; Kinesiology; Medicine; Nursing; Nutrition and dietetics; Occupational safety and health; Occupational therapy; Other health professions; Pharmacy; Physical therapy; Rehabilitation sciences; Speech therapy; Veterinary science

Social Svc Professions (First-year N=0*, Senior N=0*)

Criminology; Justice administration; Law; Military science; Public administration, policy; Urban planning

Unassigned Majors (First-year N=11, Senior N=5)

Computer information systems; Family and consumer studies; General studies; Information systems; Information technology; Network security and systems; Other computer science and technology; Other, not listed; Parks, recreation, leisure studies, sports mgmt.; Professional studies (general); Technical, vocational studies; Theological studies, ministry; Undecided, undeclared

*Low N, interpret these results with caution.

Endnotes

- a. All results are unweighted. Major categories with fewer than 20 respondents in a given class are not reported (i.e., the column is blank). Engagement Indicators range from 0 to 60. For details on EI development and scores, visit nsse.indiana.edu/html/engagement_indicators.cfm
- b. A measure of the amount individual scores deviate from the mean of all the scores in the distribution.
- c. All results are unweighted. Major categories with fewer than 20 respondents in a given class are not reported (i.e., the column is blank). For High-Impact Practices, we report the percentage of students who responded "Done or in progress" or "Plan to do," except for service-learning which is the percentage who responded that at least "Some" courses included a community-based project. For details on HIP development and scores, visit nsse.indiana.edu/html/high_impact_practices.cfm
- d. All results are unweighted. Major categories with fewer than 5 respondents in a given class are not reported (i.e., the column is blank).
- e. Items that make up the Engagement Indicators include the following two-letter prefixes: CL = Collaborative Learning, DD = Discussions with Diverse Others, ET = Effective Teaching Practices, HO = Higher-Order Learning, LS = Learning Strategies, QI = Quality of Interactions, QR = Quantitative Reasoning, RI = Reflective & Integrative Learning, SE = Supportive Environment, and SF = Student-Faculty Interaction.
- f. These are the values used to calculate means. For the majority of items, these values match the codes in the data file and codebook. For items estimating number of papers and hours per week, the values represent actual units using the midpoints of response option ranges and an estimate for unbounded options.
- g. All results are unweighted. Major categories with fewer than 20 respondents in a given class are not reported (i.e., the column is blank).
