In accordance with <u>ASU OP 02.01: Institutional Effectiveness</u>, each department will file annual reports consisting of the following*:

- a. Unit Goals: Includes the department/program mission statement and overarching and long-term objectives.
- b. **Objective Descriptions:** The focus of the unit's effectiveness activity for the year. Does not include all unit objectives or "business as usual," but does include anything of special focus for the year, and, for the academic units, they include student learning objectives.
- c. Linking Goal (Objective Details): Institutional Goals, Planning Priorities, and Objective Type.
- d. **Intended Results/Benchmarks:** The measurable target (e.g., 20% increase with a starting benchmark of 100) the unit aspires to achieve. Intended results/benchmarks are tied directly to the assessment measure and should be clearly stated and defined. Metrics need to align with the objective description, assessment measures, previous use of results, and/or existing standards.
- e. Assessment Measures: Define how the unit plans to measure achievement of its objectives. A combination of quantitative and qualitative measures and professional judgment can be used. Direct measures of progress are best, but indirect measures can be used along with direct measures.
- f. Actual Results: The amount of actual progress that was made toward achievement of objectives and are directly related to the measurements used.
- g. Use of Results: The unit will state how the results will be used to improve the quality of the program(s) or activities. If the criteria for success have been met, the department could raise the bar or could declare the objective attained and move on to another objective. Planning for the next year will depend, in part, on what is learned in the current year.
- h. **Evidence/Documentation:** Supporting evidence and documentation for intended results/benchmarks, assessment measures, actual, and/or use of results need to be added to the objective through the document repository.

If Applicable:

i. **Budgetary Implications:** If the suggested improvement has fiscal implications, the plan may be used as a supporting document for budget requests.

*See I.E. Continuous Improvement Planning Rubric at the end of this document for more information on how these items will be measured.

Mission

Angelo State University provides highly competitive graduates to the global marketplace by delivering quality programs in a values-focused and student-centered teaching and learning environment.

Vision

By the end of this decade, ASU will be known as an innovative leader in driving educational, cultural, and economic initiatives to meet the needs, face the challenges, and grasp the opportunities for our region, state, and the global community.

Values Integrity Integridad Diversity & Inclusion Diversidad & Inclusión Significance Impacto Community Comunidad Commitment Compromiso

Each member of the Ram Family is part of our journey as we continue to build a values-based culture at Angelo State. All planning objectives need to align with Angelo State's overarching mission, vision and values.

Strategic Priorities

Angelo State's strategic priorities follow these five categories:

- Increase Enrollment and Student Success
- Undergraduate and Graduate Programs
- Service, Co-Curricular Experiences, Responsible Citizens, and Productive Careers
- Teaching, Research, Creative Endeavor
- Learning Centered Environment (Facilities and Funding)

To see more details about these metrics view the strategic priorities <u>worksheet</u> on the Institutional Data tab in SharePoint under the institutional plans section. <u>https://www.angelo.edu/live/files/26657-strategic-priorities-envisioning-100-years-a</u>.

SPOL (Strategic Planning Online) Walkthrough

- 1. Login to SPOL, <u>https://spol.angelo.edu</u> using your ASU credentials.
- 2. Each department on the <u>Organizational Chart</u> has a planning unit in SPOL with their mission statement, how it ties to the overarching ASU mission, and how it is shared with their areas and users.
- After logging in you will be on the SPOL homepage. Double check you are in the correct planning year. To access your unit, you will need to click on the planning icon on the navigation bar to the left of the page. Other important icons are budget, reports, and resources.

- **4.** Your planning unit will show up to the right of the navigation bar. Click on the unit's name to enter the planning unit details page. This will give information about your unit which includes:
 - Unit manager, and members
 - Parent Unit
 - Budget Accounts

5. To access planning unit objectives, click on "Objectives" at the top of the details page under your unit's name. You will then see your objectives.

6. Important items to note in this section are the objective IDs that precede the objective name. Those are unique identifiers for your objectives. Ensure you are in the correct planning year using the drop down in the top right corner.

There are (i) icons next to the sections that are required. If you click on the (i) it will also give you a tip on what needs to be in each section. To fill in these sections click on the section name.

That is how you navigate through SPOL. Below are more detailed cheat sheets for specific actions you may need to take while using SPOL.

Creating a New Objective

- 1. Go to your objectives within your planning unit following instructions in SPOL Walkthrough above. Once you are there, click on the word "Objectives". That will pull up the new objective box. You will need to fill in the following fields:
 - Objective Title SMART Objective (Specific, Measurable, Attainable, Results-driven, Time-limited)
 - Planning Unit
 - Muti-Year Checkbox (if applicable)
 - Planning Year
 - Objective Purpose
 - Objective Status
 - Description

Once you are done hit the yellow "Save" icon at the bottom.

2. After saving it will open the "Objective Details" page. This is where you will continue filling out all the required sections. When you are done with your objective you will need to approve it. To do so click the arrow under "DRAFT" in the top right corner of the screen. Then Select "Submit for Approval".

Adding A Task to an Objective

1. If you are wanting to add a task onto an existing objective to request enhanced budget or manage projects, you will need to select "Tasks" to the right of Objectives within the objective's header.

2. Select your budget account and the applicable GL code. This will then bring up the Enhanced Forecast Details. Fill in these areas and click save.

Helpful Hint: If you want to reorganize tasks you can do so by holding the three-bar icon to the left corner of the task to drag it to another position. \equiv

Assigning A Task to a Unit Member

1. Click on the task to open the "Task Details". Click on the "Assignments" header.

Adding Files to Document Repository

- 1. To add documentation to an objective you will need to click on the "Document Repository" section under "Assessment Measures" within the objective details page. This will pull up your directory to the left-hand side.
- 2. Select your directory and then click "Upload" then click "Select Files". Select the file you wish to upload and click open. The dialogue box will show that the file is being transferred to the directory. The file is automatically assigned to that specific objective and will show up in the objective detail page after exiting document repository.

Adding Files to the Link Library

SPOL has a central Web Link Library that serves as a shared central location to catalog frequently referenced web links – particularly those that may be subject to change, Whenever the URL for a web link is updated in the library, it will automatically "update" the link in the objective.

1. In the "Associations" tab there is a Link Management section at the bottom.

Link Management	
There are no records to display.	

2. Click the title Link Management to open the Link Management window and display the contents of the Link Library.

Helpful Tips and Tricks

• If you think your objectives have gone missing, check to see if you are in the correct planning year.

< Planning Unit Details	2023-2024 (Current) - Q 🌲

• If you want to make an objective multi-year or add planning years, click on the "Planning Years" title. The objective detail box will open. To the right of the detail page will be a "multiyear" check box, select the box. Then click within the white space under the planning year title to select more planning years. When you select the extra year(s), it should say the year it started in as well as "x more selected" depending on how many years you have added. Do not forget to save.

Objective Descriptions	Objective descriptions are missing or not stated with purpose of continuous improvement. May not provide measurable terms; does not focus on student learning, strategic priorities, program and/or departmental improvement and effectiveness. Descriptions should not include "business as usual" (i.e., hiring a staff member, expanding hours of operation).	Should <u>provide a clear understanding of</u> <u>the purpose and describe the continuous</u> <u>improvement</u> for the unit. It can have measurable outcomes listed, so the units can track it across time frames.
