Dear Dr. Miazga:

With the adopted amendments to the standard in Texas Administrative Code (TAC) §229.4, TEA staff will recommend that your program be assigned the following status under the Accountability System for Educator Preparation at the **April 26, 2019** State Board for Educator Certification (SBEC) meeting:

ACCREDITED-WARNED

This recommended accreditation status is based on 2017-2018 academic year data, and the rules currently in effect to determine accreditation ratings. Once the recommendation is approved by the SBEC, the status will be effective from the date SBEC approves it until SBEC approves the next annual accreditation ratings based on 2018-2019 academic year data. After the SBEC takes action on this recommendation, TEA staff will post accreditation statuses for all educator preparation programs (EPPs) on the Educator Preparation Program Consumer Information web page.

The table below reflects the required performance standards and program deficiencies for accountability purposes, pursuant to TAC §229.4.

Indicator & Performance Standard	All	Male	Female	African American	Hispanic	White	Other
PPR Pass Rate 85%	Met Standard	Met Standard	Met Standard	Small Group Exception	Met Standard	Met Standard	Small Group Exception
Non-PPR Pass Rate 75%	Met Standard	Met Standard	Met Standard	Met Standard	Met Standard	Met Standard	Small Group Exception
Principal Appraisal 70%	Did not meet standard	Met Standard	Did not meet standard	Small Group Exception	Met Standard	Did not meet standard	NA
Field Observation Frequency 95%	Met Standard	Met Standard	Met Standard	Met Standard	Met Standard	Met Standard	Met Standard
Field Observation Quality 90%	Met Standard	NA	NA	NA	NA	NA	NA

19 TAC §229.4(d)(1)(A) prescribes that an EPP shall be assigned an Accredited-Warned status if the EPP fails to meet the standard for all candidates on any of the performance standards in

one year. In addition, 19 TAC §229.4(d)(1)(B) prescribes that an EPP shall be assigned an Accredited-Warning status if the EPP fails to meet the standards in any two gender, race, or ethnicity demographic groups on any indicator in any one year. Your program did not meet the performance standard for principal appraisals for the all candidates and two demographic groups.
